30 Scroll-Stopping Hook Swipe File

30 hook templates for TikTok and Instagram Reels, organized by type

How to use this swipe file honestly.

- These are *templates*. Replace every [PLACEHOLDER] with something real. If you don't have a real result, use a Curiosity, Controversy, Relatability or Pattern-interrupt hook instead.
- Never state income, earnings or timelines you haven't actually had, and never use someone else's numbers or screenshots as yours.
- Disclose affiliate links in the video (spoken and on-screen), not only in your bio.
- A hook only earns the first 3–5 seconds. The rest of the video has to deliver what the hook promises.
- Test a few hooks on the same topic and keep notes on what you actually see.
