Done-For-You Video Scripts

10 fill-in-your-own-experience short-form scripts for TikTok and Instagram Reels

Read this first: how to use these scripts honestly.

- **These are templates, not stories.** Every highlighted [PLACEHOLDER] must be replaced with something that is genuinely true for you. If you haven't done it or earned it, don't say it.
- **Never invent or imply results.** Don't show income screenshots that aren't yours, and don't hint at earnings you haven't had. It's fine — and often more believable — to say "I'm just starting, and here's what I'm learning."
- **Disclose every affiliate link.** In the US the FTC expects a clear disclosure of your material connection, placed in the video itself (said out loud *and* shown on screen, e.g. "#ad — affiliate link"), not hidden in your bio. Use the platform's paid-partnership / commercial-content label where available.
- **Don't promise outcomes** (income, timelines, "guaranteed"). Describe what you did and what you saw.
- Each script runs roughly 40–60 seconds at a natural pace.
